

BTEC Assignment Brief

Qualification	Pearson BTEC International Level 3 Diploma in Health and Social Care
Unit number and title	Unit 10: Supporting Individuals with Additional Needs
Learning aim(s)	Learning aim A: Examine reasons why individuals may experience additional needs Learning aim B: Examine how to overcome the challenges to daily living faced by people with additional needs Learning aim C: Investigate current practice with respect to provision for individuals with additional needs
Assignment title	Differently abled, different challenges
Assessor	
Issue date	
Hand in deadline	
Vocational Scenario or Context	All societies include adults and children who require additional support to deal with the daily challenges that are part of their everyday lives. Some of these challenges are not from an impairment, but from the response of society to adults and children who are differently abled. Your work for this unit will be based on case studies. Your work throughout this Assignment must include reference to research from a range of sources.

Task 1		You are asked to produce a report that evaluates the significance of receiving a diagnosis of additional needs to both one child and one adult and their families and the wider society. Your report must also assess the requirements of your selected child and adult, who have different additional needs, and explain the diagnostic procedures used by professionals to determine what the additional needs were.
Checklist of evidence required		Report
Criteria covered by this task:		
Criteria reference	To achieve the criteria, you must show that you are able to:	
A.D1	Evaluate the significance to the individuals, their families and society of a diagnosis of additional needs.	
A.M1	Assess the requirements of one child and one adult with different additional needs.	
A.P1	Explain diagnostic procedures to determine additional needs for one child and one adult with different additional needs.	
Task 2		For this task you must produce a report that justifies the support and adaptations provided by the setting and other agencies to support your selected child and adult in daily living. Your report should also include: • an evaluation of the impact of the support on your two individuals, in improving their wellbeing and life changes • an assessment of the impact of the challenges faced by your selected individuals. you must also assess how effective the measures used are, in overcoming the challenges you have named. • an analysis how the provision and support for each of your selected individuals benefitted them • an assessment of how the use of person-centred care and positive working practices, has impacted on your selected individuals • an explanation of how disability can be described as a social construct • a description of how the health and social care workers who support your selected child and adult, can help them both to overcome the challenges of daily life • an explanation of the roles and responsibilities of at least two professionals who work with the adult, and at least two professionals who work with the child in your case studies.
Checklist of evidence required		Report

Criteria covered by this task:
